Dear Ms. Hernandez:

Warm Christian Greetings!

I would like to formally express my sincere appreciation for your continued support in accommodating the following students:

- Mabesa, Earl Mirshen D.
- Gragas, Ni  a Valerie S.
- Escorpizo, Franzes Roald P.
- Beltrano, David D.

These students are currently enrolled in the Capstone Project and Research course for the Second Semester, School Year 2026–2027 in Philippine Christian University, Dasmari  as. As part of the course requirements, they are tasked with preparing comprehensive project documentation and developing an actual system based on an approved proposal.

The group has proposed a project entitled “**BakeSphere: A Web-Based 3D Cake Customization and Reverse Bidding Marketplace Platform for Cakes and Pastries by Acey in Amadeo, Cavite.**” In this regard, we respectfully request your approval to allow them to conduct an understudy of your department’s existing processes relevant to the proposed system. We likewise seek your permission to grant them access to interviews and other pertinent sources of information. This will enable them to gain a comprehensive understanding of your department’s operations, management procedures, and specific needs, which will serve as the foundation for the development of the proposed system.

Your approval and support will greatly contribute to the successful completion of their academic requirements. The university sincerely appreciates any assistance you may extend to these students.

Thank you so much and more power.

Sincerely yours,

JASON A. SESPE  E
